Meat Animal Auction

Saturday, August 5, 2023

Buyer registration at 8:00 a.m. Sale at 9:00 a.m.

What is the Winnebago County Meat Animal auction?

The Winnebago County Meat Animal Auction is an annual auction held on Saturday of the Winnebago County Fair. Winnebago County 4-H and FFA members spend several months selecting, feeding, grooming and training their steers, lambs and hogs in preparation for the Winnebago County Fair. After showing their animals earlier in the week at fair, exhibitors have the opportunity to sell an animal at the meat animal auction.

2022 Champion Lamb— Exhibitor: Bryce Crowley
Buyer: L&L Propane

2022 Champion Steer— Exhibitor: Karlee Zick
Buyer: Farmstead Saloon

All animals sold meet quality grade and weight requirements determined by the industry and the Meat Animal Board (MAB) Committee. In addition, exhibitors are required to complete an annual education and certification program called Youth for the Quality Care of Animals which focuses on food safety, animal well-being and character awareness. The program is accurate, current and relevant to the needs of the animal industry and is appropriate for youth. Bidders (local businesses, individuals, etc.) can buy these and recognize exhibitors' hard work, but to also support local agriculture and promote their business.

Come and promote your business, while helping support the local youth in Winnebago County. These 4-H and FFA kids have been hard at work raising their livestock; training, feeding and cleaning up after them. Bid on an animal and make their year while taking home some locally raised meat!

What Happens After Purchasing?

When you purchase a steer, lamb or hog you buy the animal outright. You are purchasing the animal for the gavel price x the weight of the animal. The MAB arranges for your animal to go to a local processing plant. You will complete a form providing meat processing plant options. Animals that are purchased outright will have a separate processing plant fee.
